What a custom feed includes

1 • DELIVERY

Daily JSON to your endpoint (webhook) or email: only the districts, sources and keywords you choose. Deduplicated across sources, deadline parsed where the notice states one.

2 • RECORD SCHEMA

```
{
  "id": "p_7c1f9a2b3d",
  "title": "关于开展2026年度...申报工作的通知",
  "url": "https://...gov.cn/...html",
  "source": "上海市商务委 · 规范性文件",
  "published": "2026-10-23",
  "deadline": "2026-11-01",
  "daysLeft": 5,
  "isOpen": true,
  "score": 8,
  "snippet": "现将有关要求通知如下: ..."
}
```

3 • FILTERS YOU CAN REQUEST

District (e.g. Pudong, Minhang) · issuer (commission/bureau) · keyword (补贴 / 补助 / 专项资金 / 认定 / 申报) · company type (foreign-invested, trading, R&D) · deadline window (next 7/30 days).

4 • WHITE-LABEL OPTION

We deliver the same feed under your brand as a weekly digest you can forward to clients — content, layout and sender name adapted to your firm.

5 • SERVICE TERMS

\$99/month, activated within one business day, cancel anytime. The public feed remains free; the paid tier buys filtering, delivery into your workflow and a higher quota. Source data is public government information; the official Chinese notice is authoritative.

Shanghai Subsidy Radar · support@shituapp.com · This sample uses live data from the public feed.
